FLORIDA WATER WARRIORS

1

About Florida Water Warriors

A Florida 501C3 non-profit organization operated by dedicated staff & volunteers with a **mission to provide equitable Marine Science Education to all!**

Our Vision

2

We strive to play an essential part in **conservation** by fostering **stewardship**, **appreciation** of our surrounding **ecosystem**, and emphasizing our **responsibility** to its protection.

3

Our 2024 Goal

Raise **\$10,000** to support our **K-12 Eco-Educational Program** for the following year, which would **provide 1,000 students with Marine Science Education!**

What We Do

4

We provide **Science field trips** on the water to teach students about **conservation** through **experiential learning**, **wildlife observation**, **discussion**, & **data collection**.

5

Real Data

Students become **researchers**, **collecting water quality data** that is used to generate **new insights** in Marine Science.

All water quality & wildlife data is shared with the **National Oceanic Atmospheric Administration**.

Get Involved!

6

Together, we can **educate** the **upcoming youth** on the state of our **environment** and work towards **creating a well-balanced** and protected **ecosystem**.
